

LIVE WEBINAR

How to Prepare Your Nursing Home, Rest Home, or Assisted Living Facility for Surge

March 26, 2020 - 1:00 pm EST

[Register Now](#)

Is your facility ready for an influx / surge of residents? Do you have a surge plan? Please join this webinar to learn more.

We will review the Four S's of Surge:

- Space – Identifying Surge Space
- Stuff – Identifying what supplies, and equipment you will need
- Staff – Identifying staffing requirements
- Safety – Keeping your residents staff safe

Additionally, we will review the components of a surge plan, review the CMS 1135 Waiver, and provide templates for both. Templates will be sent to participants after completion of the webinar.
